

Code and earn

1. Introduction

I think coding is an art. It's beautiful The code represents busy, and the tea ceremony represents leisure, just like life.

This website is mainly a personal Coding learning website. I have learned and the understanding of technology.. you can publish the new blog or code This website can provide me with a platform to record your learning journey and, And also you can discuss a technical issue with people who read my blog.

2. Expected List of Features

A brief list website to support

log in (support Google and Twitter)

Coding competetion

Email feedback

Search

Comment

3. Market Survey

five web sites that might have similar ideas
